

## Scholarship program for social and cultural ideas enters the next round!

We are again looking for new ideas for the next round of our scholarship program for young makers.

*You want to make a positive contribution to people and the environment? Do you already have a concrete idea of how to overcome a social challenge? Then you are exactly right with us!*

Join us now and **apply** to this year's scholarship program for social and cultural ideas by **15<sup>th</sup> April 2023**.

We advise and accompany you in your social and cultural start-up project. Your idea will be turned into an effective business model.
