**GRÜNDUNGS·
GARAGE**

ABOUT THE GRÜNDUNGS- GARAGE

The Gründungsgarage, a project of ASA-FF e.V., is a driving force for social entrepreneurship, social discourse and creative impulses. The project supports young people with value-orientated, social ideas on their way to becoming social entrepreneurs, especially in the cultural and creative industries. With its focus, the Gründungsgarage complements the existing, mostly technology-orientated start-up landscape in Chemnitz and contributes to the European Capital of Culture 2025. The programme also includes space for the future, space that can also be rented by you at a reasonable price.

EQUIPMENT

Our rooms offer a wide range of possibilities. They are suitable for seminars, workshops, conferences, theatre and dance rehearsals. They are equipped with tables, chairs, a screen and a dance floor. The rooms can be customised according to your wishes. It is also possible to hire additional equipment such as a projector or presentation material. There is a small communal kitchen that you can use to prepare a coffee or a small snack. We will be happy to help you find suitable catering for your event.

In addition to using the entire rooms for events, individual workstations can also be hired. Among other things, we use foldable tables, which does not restrict the use of the rooms as event spaces.

Our Gründungsgarage is a place of retreat without having to forego the amenities of the city. Because in the immediate neighbourhood on the southern Sonnenberg are, among others, studio houses, the off-stage KOMPLEX, the reading café KAFFEESATZ and the trendy pub LOKOMOV. Here you can get to know the writing and printing workshop as well as illustrators and graphic designers.

Floor plan

Rental

A total of three rooms are available for your events. Our dialogue room 'Zenti' is the largest at 36 sqm. This room is equipped with a dance floor, making it ideal for dance or theatre rehearsals.

The workshop room 'Nischl' is the second largest room (26 square metres) and has, among other things, a large, permanently mounted screen. One of our two permanent workstations is located in this room.

Do you need a retreat for meetings in small groups or would you like to set up a buffet for your guests undisturbed? Our 'Schlossl' lounge (12 square metres) is perfect for this. It is also ideal as a cloakroom for dance and theatre rehearsals.

Please note that only our workshop room 'Nischl' can be rented individually. The other two rooms can only be used if they are rented as a whole.

Our rooms can be rented by the hour, day or week so that you can devote yourself to your own projects undisturbed. Please refer to the list below for prices.

All prices are exclusive of VAT

CO-WORKING

You can rent two types of co-working spaces from us. All workstations are equipped with at least access to a printer and scanner as well as Wi-Fi and sufficient lighting and power supply.

Two of our (fixed) workstations are fully equipped. In addition to the basic equipment, this includes a screen, keyboard, mouse and webcam.

Don't need all that stuff? Then you can hire one of the mobile workstations. These workstations can be folded up and down as required. This allows us to offer more workstations without restricting the hire of our rooms. Workstations are available in all our rooms.

By remodelling our previous warehouse, we were also able to create additional workstations here. In the event of an event, it is now possible to use one of the two workstations in our 'Lulatsch' creative cabin.
